

MAXXI

events

MAXXI is the first Italian museum entirely devoted to contemporary creativity, a multi-disciplinary, interactive centre created to innovate and experiment in the field of the arts and architecture. It has immediately become a symbol of Rome capable of attracting people and media from all over the world, the undisputed masterpiece of the international archistar Zaha Hadid.

With a surface area of 21,000 m², 11,000 m² of exhibition galleries, MAXXI is a harmony of colours, materials and forms: white, steel, grey, glass, black and concrete combine in a sinuous structure in which the space is always intriguing and personal. The museum is available to accommodate and enhance events of all kinds: conventions and conferences, corporate meetings and presentations, film previews, concerts, private dinners, cocktails and team building activities.

For more sophisticated sensations, the exhibition halls may be visited privately, accompanied by the leading cultural guides

MAXXI

events
